Experience With previous extensive CEO and executive level experience, Gaylene Coulton as Principal Consultant, brings a comprehensive and diverse range of skills and experience to your organisation.

Gaylene was Transitional Executive Director for the Metro South Brisbane Joint Venture between SouthEast Primary HealthCare Network and South East Alliance of General Practice in Brisbane and lead writer for their successful 1st Tranche Medicare Local tender. Included in her role during this time were the development of a Business Plan, Communication and Engagement Strategy, Transition Plan and Budget, Board recruitment, Staff Change Management Strategy and Medicare Local Establishment Plan.

As Chief Executive Officer of South East Primary HealthCare Network, Gaylene, through values based leadership, transformed and developed the organisation into a leading Division of General Practice and primary health care organisation. Achievements included: establishing a strong service portfolio in Chronic Disease Prevention and Self Management, building a high performing team culture of 'success', leading constitutional and membership change, rebranding and marketing, new business development including GP SuperClinic tenders; and growing comprehensive partnerships with community organisations, government and universities.
